

Geography Learning Journey at Gartree High School

Geography exam revision

What are the impacts of exploiting energy sources?

What are the features, adaptations and threats to major biomes?

What components make up a biome?

What are the responses to tectonic hazards?

What are the causes of global warming?

FIELDWORK
1-day visit to Leicester and Hunstanton to carry out enquiries

How does quality of life vary across Mumbai?

What are the opportunities and challenges of living in Mumbai?

How do cities change over time?

How and why is world becoming more urbanised?

What are the impacts of economic growth on India?

What are the different approaches to development?

How does demographic data vary at different levels of development?

YEAR 11

Year 11 geography mock exam

Why are demands for energy increasing?

What are the causes and effects of tropical cyclones?

What are the causes of tectonic hazards?

What are the causes of natural climate change?

Year 10 Geography mock exam

Learn urban and coastal fieldwork skills

What challenges does modern India face?

What relationship does Leicester have with its surrounding county?

How is the UK economy changing?

How is Leicester changing?

How is development measured?

YEAR 10

How is sport a global industry?

What are the benefits and problems with TNCs?

How is fashion a global industry?

What is globalisation and how does it affect me?

End-of-year geography exam

How has the tourist industry grown?

How does geology affect the UK landscape?

How are coastal landscapes made?

What are the causes and effects of flooding?

How are river landforms made?

How can flood risk in the UK be managed?

What challenges does Leicester face?

How is Leicester being improved?

How is development measured?

What are the causes and effects of earthquakes?

What are the features of an active volcano?

What is the structure of the Earth like?

RESIDENTIAL TRIP
4-day visit to Iceland about natural hazards

How are major biomes being threatened?

How are biomes distributed?

What are the causes and effects of tsunamis?

What are the benefits of volcanic activity?

Produce a group model of a volcano and present it to the class

What are the causes and effects of volcanic eruptions?

How are tectonic hazards distributed?

How can the environment be protected?

What are the features of major biomes?

What are biomes and ecosystems?

How can earthquake risk be managed?

What are the causes and effects of volcanic eruptions?

What is the UK's weather like and why?

How does air pressure affect the weather?

Present a group weather forecast

What solutions are there to the global climate crisis?

Receive a Year 9 humanities literacy guide

How developed is Brazil?

What are the differences between the Amazon and the rest of Brazil?

How is the Amazon rainforest being threatened?

How can weather be measured and recorded?

Why does it rain?

How do air masses affect the weather?

What are the causes and effects of global warming?

End-of-year geography exam

How developed is Brazil?

What are the differences between the Amazon and the rest of Brazil?

How is the Amazon rainforest being threatened?

How do Amerindian tribes survive in the rainforest?

How is life like in a Brazilian slum?

How is development measured?

What is life like in urban and rural areas in India?

What are the impacts of the 'One child policy' in China?

Why is the world's population growing so fast?

Where do people live in the UK and why?

What are the features of a drainage basin?

What are the causes and effects of flooding in Bangladesh?

What is erosion and deposition?

What is the problem of coastal erosion in the UK?

What are the main physical and human features of Kenya?

What is urban and rural life like in Kenya?

DAY TRIP
Visit to Bradgate Park

YEAR 8

How can traffic be managed in a large settlement?

How may an urban environment be improved?

What is the land use pattern of a major settlement?

What are the features of a drainage basin?

What are the causes and effects of flooding in Bangladesh?

What is erosion and deposition?

What is the problem of coastal erosion in the UK?

What are the main physical and human features of Kenya?

What is urban and rural life like in Kenya?

DAY TRIP
Visit to Bradgate Park

End-of-year geography exam

How has shopping changed?

How are sites for settlements chosen?

What do the features and symbols on an OS map mean?

How to use an atlas?

Receive a humanities Challenge booklet

Receive a Year 7 humanities literacy guide

How developed is Kenya?

What are the benefits and problems of settlement growth?

How can we describe accurately a route accurately?

How do we use four and six figure grid references?

Humanities Explorer initiative launched to visit local landmarks

Opportunity to purchase a KS3 geography revision guide/workbook

TRANSITION DAYS
Sample a geography lesson and practice important skills

YEAR 7

welcome
